

*If eyes are the windows to the soul then I believe lips are the messengers of the heart. Sure, they may be heart-shaped, but lips give voice to your inner beauty and accentuate one of your best features—your smile. We love lips at **Mary Kay** because no matter what shade of lipstick you're wearing to feel beautiful and confident, it's your inner beauty that shines.*

*We love lips that laugh out loud  
Lips that smile, big and proud  
We love lips*

*Baby lips that love to giggle  
Big girl lips with sass and sizzle  
We love lips*

*We love lips that tell the truth  
Lips with power to calm and soothe  
Mommy lips that kiss goodnight  
Girlfriend lips keeping secrets tight  
We love lips*

*Lips that pout when they get mad  
Those same lips flip when they are glad  
Smiles that fight setbacks and defeats  
Triumphant grins when victory is sweet  
We love lips*

*Lips that can flirt even when they are bare  
Bright glossy lips that make a stranger stare*

*All shapes and sizes, with no need for scripts  
Pink, red or plum - yes, we love lips!*
